COMPLIANCE STATEMENT

The operating procedures of Monmouth Telephone & Telegraph, Inc. ("Monmouth" or "Company") ensure that the Company complies with the FCC's rules at 47 C.F.R. § 64.2001, *et seq.*, governing the use of CPNI. Monmouth ensures compliance with the FCC's CPNI rules through the use of an internal policy limiting the use or disclosure of CPNI to very limited circumstances. The Company's policy is administered by its President, Kenneth W. Leland, and includes the following governing principles:

- Monmouth does not use CPNI to market service offerings among the different categories of service, or even within the same category of service, that it provides to subscribers.
- Monmouth will not release or disclose CPNI to a third party, unless under exceptional circumstances. Specifically, Monmouth will only release or disclose CPNI to a third party pursuant to a valid request from law enforcement, the federal judiciary or other appropriate authority; or, pursuant to express customer approval. For example, customer information will only be disclosed after the requesting party demonstrates that the request is made pursuant to a valid subpoena, court order, search warrant or national security letter.
- Through the use of the FCC small entity compliance guide the Company trains employees to recognize CPNI and understand the limitations of use or disclosure set forth under federal law and Company policy.
- Monmouth maintains a record, for a period of at least one year, of those limited circumstances in which CPNI is disclosed or provided to third parties (pursuant to a valid request from law enforcement, the federal judiciary or other appropriate authority).

- Violations of this policy may result in disciplinary action, including the termination of employment where appropriate.
